Wei-Long Zheng (郑伟龙)

Citizenship: P.R. China Date of Birth: Oct 8, 1988

Contact Information

Email: weilonglive@gmail.com Mobile: +86-18817866535
Webpage: http://bcmi.sjtu.edu.cn/~zhengweilong/
Address: Department of Computer Science, Shanghai Jiao Tong University, No. 800 Dongchuan Rd., Shanghai, China

Education

PhD of Computer Science and Technology
Shanghai Jiao Tong University (SJTU) Shanghai, China (Sep.2012-Present)
Visiting Student of Intelligent Systems Group
University of the Basque Country (UPV/EHU) San Sebastian, Spain (Sep.2014-Mar.2015)
Bachelor of Information Engineering
South China University of Technology (SCUT) Guangzhou, China (Sep.2008-July2012)
Major: Information Engineering (Talented Students Program) Cumulative GPA: 3.82/4.0(top5%)

Research Interest

Affective Computing, Brain-Computer Interface, Machine Learning, and Pattern recognition.

Research Experience

Multimodal Emotion Recognition with EEG and Eye Movements (2013.9-present)
Research Assistant. Center for Brain-like Computing and Machine Intelligence, SJTU
- Designed and implemented algorithms based on EEG and eye movements for emotion recognition

EOG and EEG-Based Vigilance Estimation and Prediction for Drivers (2014.9-present)
Research Assistant. Center for Brain-like Computing and Machine Intelligence, SJTU
- Designed and implemented algorithms based on EOG and EEG for vigilance estimation and prediction
- Designed wireless wearable EOG and EEG devices for vigilance estimation and prediction

3D Reconstruction Based on Depth Camera (2012)
Team Leader. Human-Computer Interaction Technology Innovation Center, SCUT
- Implemented the image geometric correction algorithm.
- Completed the algorithm for Registration of Depth Image and Color Image.
- Published an international conference paper.

Computer Vision Based Embedded Driver Fatigue Detection System (2012)
Undergraduate Thesis. South China University of Technology SCUT
- Established the infrared illuminating system.
- Designed and developed innovative algorithms for face/eye automatic image segmentation (color and monochromatic images) and eye status determination in condition of daylight and infrared illumination respectively.
- Designed and implemented algorithms of eye tracking in successive frames of the video for computer vision based fatigue detection.

Embedded QR code Recognition System Research Based on Image Processing (2011)
Team Leader. Human-Computer Interaction Technology Innovation Center, SCUT
- Designed the basic frame of the system.
- Designed and completed the hardware and software of the test system.
- Designed an algorithm to recognize QR code even in the complex background.
- Designed the user interface with QT programming.
- Documented the patents.

High Power LED Power Supply Based on Constant Current Drive (2011)
Research Assistant. Student Research Plan, SCUT
- Designed the circuits of the system.

- Simulated the circuits of the system.

Patents

- "A Method and System of Robot Navigation Based on Color Coding Identification", Second Applicant, Application ID: 201210289058.3. (Issued)
- "A Method of Key Frame Recognition in Video Stream", Second Applicant, Application ID: 201210480917.7.

Internship Experience

R&D Engineer Intern at Guangdong Science Center (GDSC) Guangzhou, China (10/2011-04/2012)
The Honor of Excellent Intern *http://gdsc.southcn.com/*

- Project Management and System Design
- Documented the patents.
- Improved analyzing and programming ability, and obtained better understanding of the industry.

Scholarships & Honors

- National Scholarship for Graduate Student, Ministry of Education, China 2015
- Excellent Party Member of the School of Electronic, Information and Electrical Engineering 2015
- Graduate Academic Excellence Scholarship of Shanghai Jiao Tong University 2014
- Excellent League Member in Guangdong Province 2008
- National Scholarships Inspirational, Ministry of Education, China 2008-2009
- National Scholarships Inspirational, Ministry of Education, China 2009-2010
- Second-class scholarship in South China University of Technology 2010-2011

Professional Services

- Teaching Assistant for "Neural Network Theory and Applications (F033574)", Shanghai Jiao Tong University. Spring 2015
- Sub-reviewer: IEEE Trans. Affective Computing, IEEE Trans. Autonomous Mental Development, ICONIP'15, ICONIP'14, etc.

Language & Skills

- College English Test Band 4: 611
- College English Test Band 6: 502
- National Computer Rank Examination Ⅱ on C++
- National Computer Rank Examination Ⅲ on Computer Network
- Proficient in programming: C/C++, Matlab
